

Don't need to buy an LMS? Why not rent one?

- **Preparing for a new software rollout, upgrade or mandatory training programme?**
- **Need to host your learning materials and track individual learner progress?**
- **Don't need to buy a full LMS?**

...why not just rent ours?

Learning-as-a-service

Premier IT's LMS allows you to obtain accurate information on staff learning progress and performance, and enables you to measure the ROI of your e-Learning programmes. In an economy where budgets are being cut, renting our LMS is a highly cost-effective means of administering and delivering your learning programmes, quickly and easily.

For a fixed fee per month you can enjoy all the benefits of a full LMS, without the costs of ownership, using our rental LMS.

Our LMS rental solution is based on a Software-as-a-Service (SaaS) model, and fully hosted in the cloud

You can use our Learning-as-a-service (LaaS) option for either a three or six month time period.

Why use an LMS?

An LMS enables you to:

- **store all of your e-Learning materials**
- **control and monitor user access centrally**
- **allow staff to access learning materials anywhere, any time**
- **assess individual learners' skills and knowledge**
- **track individuals' learning progress**
- **generate progress reports and measure ROI**
- **reduce the costs of administering your learning programmes**

Why use our LMS?

Premier IT's LMS is:

- **SCORM 1.2 and AICC compliant** - our LMS complies with the most widely used and accepted standards of web based e-Learning, ensuring maximum compatibility with any other e-Learning systems
- **Secure and easily accessible** - available instantly online using secure login functionality, through most mainstream web browsers including Internet Explorer and Microsoft Firefox

Key features:

- Intuitive user interface with quick and easy navigation
- Personalised user profiles
- Course catalogue for user browsing
- Easy access through any internet connection, anytime, anywhere
- Save progress and return at a later date to complete e-Learning courses
- CSV reporting functionality
- Automatic assignment and enrolment of courses to users and groups
- Print, save and email certificates

Why Premier IT?

Premier IT has proven experience in delivering high quality customised e-Learning and training solutions. We combine our e-Learning knowledge and know-how with our extensive experience in Instructor-led training solutions, to provide a full learning management experience for our clients.
