

Go beyond the call of duty to safeguard children

As part of Premier IT's e-Learning suite, we have a fully developed **Safeguarding Children** module ready to be rolled out across your Trust, helping you to manage this aspect of your mandate as comprehensively and easily as possible.

Why use e-Learning?

e-Learning is a great way of reaching those who need to be informed.

In this instant, it is vital to reach any Trust staff who are regularly in contact with children in their professional capacity. These might include:

- paediatric staff
- A&E staff
- maternity staff
- health visitors and social care workers

What is included in this module?

The module will take your staff through the signs of child abuse they may encounter, recognising symptoms and understanding the procedures that should be adhered to in the event of an incident.

The module covers such topics as:

- What is abuse?
- Effects of abuse
- How do we recognise abuse?
- Do's and Don'ts
- Knowledge check

Our e-Learning solution can help to ensure that your Trust meets the mandatory levels of staff training required, quickly and easily. The time and cost savings can then be better used to overcome and avoid tragedies such as that of Baby Peter, and provide your Trust with the resources required to go beyond the call of duty...

Why Premier IT?

Premier IT has proven experience in delivering high quality customised e-Learning solutions to the NHS. Safeguarding Control is just one of several e-Learning subject areas that we have developed, and can be easily integrated into your Trust's e-Learning programme. Our subject matter experts will work with you to design and develop a fully customised e-Learning solution, to meet the specific staff training requirements of your Trust.

Integrate into ANY LMS...

Our e-Learning modules can be implemented easily onto any existing Learning Management System (LMS), including the National LMS (NLMS). Alternatively we can provide you with your own fully developed and bespoke LMS, as we have done with many of our clients including Guy's and Thomas' NHS Foundation Trust.

Why use our LMS?

With the Premier IT LMS your Trust will be able to:

- track, measure and report progress of employees at every stage of development
- ensure all staff are fully compliant with your Trust's statutory and mandatory policies

In addition, it allows your employees to:

- access e-Learning anywhere, anytime... even before they begin employment
- receive automated messages supporting them throughout their learning

Available topics include:

- Blood Sampling
- Blood Transfusions
- Cerner Millennium
- Consent
- Cultural Policy
- Deaths
- Documentation
- ECG
- Equality and Diversity
- Equipment
- Fire Safety
- Hazardous Substances
- Health and Safety
- Incident Reporting
- Infection Control
- Junior Doctors Induction
- Major Incidents
- Manual Lifting and Handling
- Prescribing
- Risk Management and Assessment
- Safeguarding Children
- Safeguarding Vulnerable Adults
- Slips, Trips and Falls

Want to know more...

Our extensive range of NHS e-Learning services are currently being deployed and used at many NHS Trusts across the UK.
